

**Here and now**  
Our current state

**Our school vision**

## Enablers and Blockers

What's going well with our use of digital technologies?

What's causing us concern about our use of digital technologies?

What's the scope and capacity of our Leadership Team?

What's the research we're reading?

What innovations do we have underway?

What innovations do we have planned?

**Intentional Leadership**

How well are we engaging teachers - and growing their capacity (PLD)?

**Expanded Teacher Capacity**

**Purposeful Curriculum**

What is it powerful to learn?

What is powerful learning?

What's the hard and soft data we're collecting?

How are we monitoring and evaluating our initiatives?

What external support do we need to engage?

How well are we collaborating with other schools, the sector, community and business?

How are we engaging student voice in our planning?

**Powerful Pedagogy**

What is powerful teaching?

**Cohesive Digital Services**

What is the state of our digital services?

**Genuine Learning Partnerships**

Emerging goals and actions:

**Innovative Learning Environments**

What is an empowering environment?

**Robust Digital Infrastructure**

What is the state of our infrastructure?

Who are our stakeholders?

How well are we engaging our community?

**Where we want to be**  
Our future state
